

**ZERO
WASTE
AWARDS**

MARKING CRITERIA

INSTRUCTIONS

The entry form is broken up into five key sections.

You will be given a recommended rating for each entry section based on the below criteria. The entries will then be moderated and a final star rating will be given.

Applicants are not asked to fill out sections which are not relevant to them so they will not be penalised for this.

This shows an organisation has started on the journey but needs to start gathering relevant data

This shows an organisation has started on the journey and is gathering relevant data with an appropriate company director responsible for driving change

This shows an organisation well on the way and is implementing behaviour changing processes throughout the organisation and communicating to all stakeholders

This shows an organisation that is actively promoting waste reduction techniques and is looking to work with their supply chain and implement green procurement policies

This shows an organisation that is invested in the principle of continuous improvement and is actively demonstrating Zero Waste achievements and publishing them
